

Request for Partners

Let's Reimagine Waste Together

Waste is not the end

It is a beginning for a #Change

Partner with us in building cleaner, greener communities

Why SWM Matters

A short, impactful line on how mismanaged waste affects health, climate, and sustainability—and how our solutions turn problems into opportunities.

Our Projects

Project Eco School: Turning schools into zero-waste zones through composting, campaigns & education.

Eco School - 1 Year

Coastal Resilience Program:

From waste segregation to end-to-end processing in coastal areas.

Coastal Resilience - 3 Years

EcoSHE: Addressing menstrual waste with dignity & sustainability.

EcoSHE - 2 Months

Eco Workspace:

Sustainable waste solutions for offices.

Eco Workspace - 5 Months

Segregate to Sustain:

Enabling street-level waste sorting.

Segregate to Sustain - 1 Year

Programs: Behavioural programs, capacity building, and Dry and Wet waste processing etc.,.

Reasons for Collaboration

**Tangible social &
environmental impact**
